## 08098700 \& 08099080 BATTERY DISCONNECT SWITCHES

100-150A • SPST•UP4X/IP43 • M8-M10 Studs • Compact

## Description

08098700 is Standard Compact Manual Battery Disconnect Switch that features a removable handle with a plastic body. Rated to 100A continuous current this switch is ideal light-duty applications.

08099080 is a newer design with bigger contacts (M10) and improved components for heavier 150A current loads even if keeping the compact dimensions, which make it one of the more popular products for 12 V applications. This Manual Battery Disconnect Switch features a removable handle with a plastic body. Rubbed cap is included for protection while switch is removed from the socket.

## Features/Benefits

- 100-150A continuous current rating
- Heavy Construction for up to 150A loads in compact design
- Highly visible bright red handle
- Weatherproof to IP43
